INCIDENT DETAILS

Date of Incident: January 10, 2026

Time: 8:20 PM

Location: 742 Evergreen Terrace, Springfield

Type of Claim: Property Damage – Water Leakage

DESCRIPTION OF INCIDENT

A burst pipe in the kitchen ceiling caused water to leak throughout the main floor. The water spread rapidly, damaging the hardwood flooring, cabinets, and electrical outlets. I immediately shut off the main water valve, but significant damage had already occurred. There was no prior indication of pipe weakness or corrosion.

INJURIES

No physical injuries were sustained. However, I experienced brief dizziness due to water dripping near exposed electrical wiring. No medical evaluation was required.

PROPERTY DAMAGE

- Kitchen ceiling collapsed due to water saturation
- Hardwood flooring warped and lifted
- Lower kitchen cabinets soaked and discolored
- Electrical outlet short-circuited

Estimated repair cost: \$7,000 – \$9,500

WITNESSES

Name: Robert Wilson

Contact: (555) 440-9988

Statement: Arrived shortly after the incident and observed the extent of water damage

INSPECTION REPORT

Report Number: SPR-2026-01-10-3321

Inspector: Karen White, License #A8821

Findings: Pipe burst due to sudden pressure surge; no homeowner negligence noted

SUPPORTING DOCUMENTS

- Inspector report (attached)
- Photos of property damage (attached)
- Maintenance records (attached)

ADDITIONAL INFORMATION

I have been insured with your company for over 6 years with no previous claims. I request reimbursement for repairs and replacement of damaged items in accordance with my policy coverage.
